Martil, Morocco

PROFESSIONAL SUMMARY

Dedicated Mobile Developer specializing in the Flutter framework and Dart. Passionate about building clean, high-performance, and scalable mobile applications for iOS and Android. Experienced in the complete application lifecycle—from UI/UX design and state management to navigating metadata requirements and successfully deploying production-ready applications to the Apple App Store. Eager to leverage my cross-platform expertise and strong problem-solving skills to deliver impactful mobile solutions.

TECHNICAL SKILLS

- **Mobile Development:** Flutter, Dart, Cross-Platform Architecture, iOS App Publishing, App Store Connect
- **Backend & Cloud Services:** Firebase (Auth, Firestore, Storage, FCM), REST APIs, PostgreSQL, Node.js
- **Architecture & Workflows:** Clean Architecture, Git/GitHub version control, Agile/Scrum environments
- **State Management:** Bloc, Riverpod, Provider

PUBLISHED APPLICATIONS

SealX Manager / *Mobile App Engineer (Live on iOS)*

- Developed and published a fully functional utility application for iOS using Flutter and Dart.
- Managed the complete deployment pipeline, successfully navigating strict Apple App Store Review Guidelines regarding metadata to ensure compliance and approval.

Tomato: Focus Timer / *Mobile App Engineer (Live on iOS)*

- Designed, engineered, and published a productivity and focus-management application to the Apple App Store.
- Implemented intuitive UI/UX features and integrated robust state management to seamlessly handle background timers and local notifications.

FEATURED ENGINEERING PROJECTS

Team-Pulse Dashboard / *Software Engineer*

- Collaborated in a 5-person development sprint to build a scalable task-management platform.
- Gained practical full-stack integration experience (React, Node.js) to better understand backend architectures and API consumption for mobile clients.

Affordable Mindful / *Web Developer*

- Developed a highly optimized web platform using Next.js 15 and Tailwind CSS, focusing on responsive design and clean user interfaces.

EDUCATION

1337 Coding School

2024 – 2026

Computer Science

Université Abdelmalek Essaâdi Tétouan

Nov 2022 – Aug 2024
